

Nicholas Quinn, Registered Nurse

26A Wren Ter, Quincy, 02169, Massachusetts, 413-297-6600, nicholasquinn93@gmail.com

PROFILE

Organized, dedicated oncology nurse currently working in phase one clinical trials to treat advanced, metastatic patients and guide them through complexities of intense research protocols. Committed to providing compassionate, quality patient care, specifically caring for and guiding oncology patients and their families through difficult circumstances. Enthusiastic about patient advocacy and improving nursing experiences.

EMPLOYMENT HISTORY

Jul 2018 — Present	Clinical Research Nurse, Dana-Farber Cancer Institute	Boston, MA
	Assisting with Phase I clinical trial protocol development and review process. Providing clinical care to oncology patients receiving investigational treatment. Educating patients, their families, and the health care team on specific clinical trials. Responsible for the implementation and evaluation of clinical research. Utilizes evidence-based nursing practice and has expertise in developing and coordinating a plan of care designed to meet the physical, psychological, and social needs of those cancer patients and their families undergoing therapy in a clinical research trial.
